OVERVIEW OF ECONOMY

A survey by global consultancy firm Ernst & Young (E&Y) sees India as the world's most attractive investment destination. With the opening up of foreign direct investment (FDI) in several sectors, India is today an eye-catching destination for overseas investors. The relaxation of norms by the government has created a vast opportunity for foreign players, who are competing for a greater role in the Indian market. Sectors projected to do well in the coming years include automotive, technology, life sciences and consumer products.

India has also become a hotbed for research and development (R&D) and the country is now a preferred destination for automotive R&D, as per a study on the Global Top 500 R&D spenders by globalization advisory and market expansion firm, Zinnov. The study noted that there was strong potential for growth in areas such as engineering analytics and that significant talent could be found in 'Deccan Triangle' region, which encompasses Pune, Bangalore and Hyderabad.

The World Bank has projected an economic growth rate of 5.7 per cent in FY15 for India, due to a more competitive exchange rate and several significant investments going forward.

India is the third biggest economy in the world in terms of purchasing power parity (PPP), according to a World Bank report. The country was ranked 10th in the previous survey conducted in 2005.

The stakes held by foreign institutional investors (FII) in Indian companies touched a record high in the fourth quarter of FY 14. The estimated value of FII holdings in India stands at US\$ 279 billion.

OVERALL PERFORMANCE & OUTLOOK

The Business environment remains extremely challenging and the recessionary economic conditions leading to slowdown in demand and inflation pushed scale up of input costs left its adverse imprint on overall performance for 2013-2014 and due to these reasons, the Company could not do well in the financial year 2013-2014. Management Discussion & Analysis

MACRO ECONOMIC ENVIRONMENT

In the recent past, the Indian economy has had to overcome varied challenges in its resolve to sustain its economic success. The major challenges included: unsupportive external environment, domestic structural constraints, growth slowdown and inflationary pressures. The slowdown manifested in the decline in the growth of Gross Domestic Product (at factor cost at constant 2004-05 prices) from 8.9 per cent in 2010-11 to 6.7 per cent in 2011-12 and 4.5 per cent in 2012-13. With the economy projected to have registered a growth rate of 4.9 per cent in 2013-14, the declining trend in growth seems to have reversed. The growth slowdown in India is broadly in sync with trends in similar emerging economies. The sharp downturn in growth owes to the interface of domestic factors with the global economic environment of uncertainties and slow growth in many advanced economies. The growth of real GDP has generally shown a declining trend since the first quarter (Q1) of 2011-12, and is characterized by a moderation in services growth and a protracted slowdown in industry. The revival in agriculture on the back of a steady monsoon and robust growth in financial and business services led to a modest uptick in growth in 2013-14.

The policy response of the Government to the present growth slowdown has been in the form of structural reforms aimed at reducing entry-barriers and boosting competition and productivity in various sectors; fiscal consolidation and reforms in administered prices; further strengthening of financial/banking sectors; introduction of instruments to encourage financial savings of households; measures to restart the investment cycle through support to infrastructure financing and encouragement to micro, small and medium enterprises (MSMEs); steps to revive growth in manufacturing and reforms in energy pricing. These policies have gone hand-in-hand with macroeconomic stabilization that has had to balance the concerns of inflation and growth recovery, while managing a volatile external situation characterized by a sharp depreciation of the Rupee witnessed till the second quarter (Q2) of 2013-14.

The monetary policy stance of the Reserve Bank of India has been driven by the imperatives of keeping inflation in check and supporting growth revival while managing a complex external economic situation. With moderation in overall headline inflation, as per the Wholesale Price Index (WPI), during 2012-13 and during the first two quarters of 2013-14, there was a reduction in the repo rate by 25 basis points in May 2013. Headline WPI inflation averaged 6.16 per cent during 2013-14 (April-December) as compared to 7.56 per cent in the corresponding period of the previous year. Despite easing, the level of inflation is high, especially in terms of consumer price indices.

In the face of growing uncertainties in global financial conditions, monetary easing was paused in June 2013. However, there has been significant improvement in the external situation. With acceleration in the growth of exports and decline in imports, the trade deficit for 2013-14 (April-December) has narrowed considerably. Reduction in the trade deficit, complemented by a rise in net invisibles receipts, resulted in significant reduction in the current account deficit (CAD) in the first half (H1) of 2013-14. In response to these developments, and due to steps undertaken to moderate the CAD, the exchange rate, that breached the level of 68 per US\$ in August 2013, recovered to 61.16 per US\$ on October 11, 2013. The exchange rate of the rupee averaged 61.91 per US\$ in December 2013.

On the fiscal front, the slowdown in growth affected tax collections and receipts from disinvestment of Public Sector Undertakings. However, the Government is on track to achieve the fiscal deficit to GDP target envisaged for 2013-14

REVIEW OF OPERATIONS

During Financial Year 2013-2014, the Company registered a gross income of ₹ 126.51 Lac in comparison to last years' figure of ₹ 228.01 Lac. PBT Margin during the year remains ₹ 35.33 Lac in comparison to last years' figure of ₹ 174.33 Lac whereas Net Profit after Tax remains at ₹ 14.87 Lac in comparison to last years' figure of ₹ 123.20 Lac. (after considering Extra-Ordinary Items).

BUSINESS SEGMENT

The Company is in to the Business of lending its surplus fund in to the Capital and Money Market as well as lending money to Corporate and HNIs. Apart from above activities, your Company is also into the Business of Advisory Services in accordance with the Accounting Standard 17 notified by Companies (Accounting Standards) Rules 2006.

OPPORTUNITIES

The Indian money market is "a market for short-term and Long term funds with maturity ranging from overnight to one year and includes financial instruments that are deemed to be close substitutes of money. It is diversified and has evolved through many stages, from the conventional platform of treasury bills and call money to commercial paper, certificates of deposit,

repos, FRAs and IRS more recently.

The Indian money market consists of diverse sub-markets, each dealing in a particular type of short-term credit. The money market fulfills the borrowing and investment requirements of providers and users of short-term funds, and balances the demand for and supply of short-term funds by providing an equilibrium mechanism.

Despite the recent headwinds India has faced, its fundamentals remain solid. The economy is slowly regaining momentum, with both domestic and external conditions starting to improve. Favorable demographics and recent government reforms are expected to accelerate expansion over the medium term, making India the world's fifth-fastest growing economy by 2015. Recent reforms in support of growth include the raised FDI ceilings for the retail, airline, telecoms, financial and defense sectors. To support future growth, the Government should focus on infrastructure investment and increased efficiency in delivery mechanisms. The monetary policy might remain tight in the near future, triggered by the US Federal Reserve's remarks in May about potentially scaling back its quantitative easing program. Consequently, to support the rupee, the Central Bank has announced a window in which foreign currency non-resident US dollar fund swaps will be allowed, enabling banks to convert US dollar deposits by Indians abroad. India saw tepid GDP growth in 2012, as it grappled with a challenging investment climate. Recently, the economy has been hampered by high fiscal deficit and low investment growth. The Government aims to bring down the fiscal deficit from 4.9% in 2012-13, to 3% by 2016-17.

In 2013, equity markets remained tame due to slowing economy, bonds lost value as interest rates rose and physical assets such as real estate and gold also started feeling the effect of economic slowdown.

THREATS & CONCERNS

Many developing countries including India have reaped handsome rewards from surging capital inflows in recent years. This is widely regarded as a very welcome phenomenon, raising levels of investment and encouraging economic growth. But surging capital inflows can also be something of a double-edged sword, inflicting rather less welcome and destabilizing side effects, including a tendency for the local currency to gain in value, undermining the competitiveness of export industries, and potentially giving rise to inflation. Why inflation? Capital inflows result in a buildup of foreign exchange reserves. As these reserves are used to buy domestic currency, the domestic monetary base expands without a corresponding increase in production: too much money begins to chase too few goods and services.

To ease the threat of currency appreciation or inflation, central banks often attempt what is known as the "sterilization" of capital flows. In a successful sterilization operation, the domestic component of the monetary base (bank reserves plus currency) is reduced to offset the reserve inflow, at least temporarily. In theory, this can be achieved in several ways, such as by encouraging private investment overseas, or allowing foreigners to borrow from the local market. The classical form of sterilization, however, has been through the use of open market operations, that is, selling Treasury bills and other instruments to reduce the domestic component of the monetary base. The problem is that, in practice, such sterilization can be difficult to execute and sometimes even self-defeating, as an apparently successful operation may raise domestic interest rates and stimulate even greater capital inflows. Unfortunately, many developing countries also lack the tools available to run a classical sterilization policy, or find it simply too costly to do so. This is often the case wherever the financial system is not fully liberalized.

RISK MANAGEMENT

The Company has aligned its policy on risk assessment in line with global approach and risk assessment reports are reviewed on regular intervals. The Company has adopted a focused approach towards risk management in the form of a corporate insurance program which has the goal of optimizing the financing of insurable risks by using a combination of risk retention and risk transfer. The program covers all potential risks relating to business operations of the Company.

The Company's business critical software is operated on a server with regular maintenance and back-up of data. The system's parallel architecture overcomes failures and breakdowns. Reliable and permanently updated tools guard against virus attacks. Updated tools are regularly loaded to ensure a virus free environment.

INTERNAL CONTROL SYSTEMS AND ADEQUACY

The Company has implemented a comprehensive system of internal controls and risk management systems for achieving operational efficiency, optimal utilisation of resources, credible financial reporting and compliance with local laws. These controls are regularly reviewed by both internal and external agencies for its efficiency and effectiveness. Management information and reporting system for key operational activities form part of overall control mechanism.

The Company has retained the services of independent firms of professionals to function as internal auditors and provide reports on various activities covering observations on adequacy of internal controls and their recommendations. Findings of internal audit reports and effectiveness of internal control measures are reviewed by top management and audit committee

of the Board. During the year, internal audit team of Company performed audits of major operational areas of the Company and carried out elaborate checks and verification and shared their findings with top management for remediation of minor gaps wherever required.

HUMAN RESOURCES

The Company recognizes that its success is deeply embedded in the success of its human capital. During 2013-2014, the Company continued to strengthen its HR processes in line with its objective of creating an inspired workforce. The employee engagement initiatives included placing greater emphasis on learning and development, launching leadership development programme, introducing internal communication, providing opportunities to staff to seek inspirational roles through internal job postings, streamlining the Performance Management System, making the compensation structure more competitive and streamlining the performance-link rewards and incentives.

The Company believes that learning is an ongoing process. Towards this end, the Company has built a training infrastructure which seeks to upgrade skill levels across grades and functions through a combination of in-house and external programme.

CORPORATE SUSTAINABILITY AND SOCIAL RESPONSIBILITY

The Company constantly strives to meet and exceed expectations in terms of the quality of its business and services. The Company commits itself to ethical and sustainable operation and development of all business activities according to responsible care and its own code of conduct. Corporate Social Responsibility is an integral part of the Company's philosophy and participates in activities in the area of education and health.

DELISTING OF SECURITIES FROM AHMEDABAD STOCK EXCHANGE LTD. (ASE)

During the year, the Company has opted to de-list its securities from Ahmedabad Stock Exchange due to lack turnover and volatility on this exchange, absence of liquidity in the scrip as well as almost Nil volume during the year under review. However, Equity Shares of Company will continue to list on remaining Exchange i.e. on BSE Ltd. (BSE).

CAUTIONARY STATEMENT

The Company assumes no responsibility to publicly amend, modify or revise any forward looking statements, on the basis of any subsequent developments, information or events.

COMPLIANCE

The Compliance function of the Company is responsible for independently ensuring that operating and business units comply with regulatory and internal guidelines. The Compliance Department of the Company is continued to play a pivotal role in ensuring implementation of compliance functions in accordance with the directives issued by regulators, the Company's Board of Directors and the Company's Compliance Policy. The Audit Committee of the Board reviews the performance of the Compliance Department and the status of compliance with regulatory/internal guidelines on a periodic basis.

New Instructions/Guidelines issued by the regulatory authorities were disseminated across the Company to ensure that the business and functional units operate within the boundaries set by regulators and that compliance risks are suitably monitored and mitigated in course of their activities and processes. New products and process launched during the year were subjected to scrutiny from the Compliance Standpoint and proposals of financial services were screened from risk control prospective.

The Company has complied with all requirements of regulatory authorities. No penalties/strictures were imposed on the Company by stock exchanges or SEBI or any statutory authority on any matter related to capital market during the last three years .

o. Dematerialization of Equity Shares & Liquidity

The Company's Equity Shares are in Demat trading segment and the Company had established connectivity with both NSDL & CDSL by signing the necessary agreements.

Procedures for dematerialization / rematerialization of Equity Shares:-

Shareholders seeking demat / remat of their shares need to approach their Depository Participants (DP) with whom they maintain a demat account. The DP will generate an electronic request and will send the physical share certificates to Registrar and Share Transfer Agents of the Company. Upon receipt of the request and share certificates, the Registrar will verify the same. Upon verification, the Registrar will request NSDL/CDSL to confirm the demat request. The demat account of the respective share holder will be credited with equivalent number of shares. In case of rejection of the request, the same shall be communicated to the shareholder.

In case of remat, upon receipt of the request from the shareholder, the DP generates a request and verification of the same is done by the Registrar. The Registrar then requests NSDL or CDSL to confirm the same. Approval of the Company is being sought and equivalent numbers of shares are issued in physical form to the shareholder. The share certificates are dispatched within 21 days from the date of issue of Shares.

As on 31st March 2014, 98.99% Equity Shares of the Company are in dematerialized form.

p. Nomination

Individual Shareholders holding shares singly or jointly in physical form can nominate a person in whose name the shares shall be transferable in case of death of the registered shareholder(s). Nomination facility in respect of shares held in electronic form is also available with the depository participants as per the by-laws and business rules applicable to NSDL and CDSL. Nomination form SH-13 ([Pursuant to section 72 of the Companies Act, 2013 and rule 19(1) of the Companies (Share Capital and Debentures) Rules 2014] can be obtained from the Company's Registrar and Share Transfer Agent. It is also available on Public domain.

q. Requirement of PAN Card in case of Transfer of Shares in Physical Form

Pursuant to SEBI Circular, the shareholders holding shares in physical form are requested to submit self certified copy of PAN at the time of sending their request for share transfer/transmission of name/transposition of name.

r. For the Attention of Shareholders holding shares in electronic form

Shareholders holding shares in electronic mode should address all their correspondence to their respective Depository Participants (DPs).

s. Electronic Clearing Service

The Securities and Exchange Board of India (SEBI) has made it mandatory for all companies to use the bank account details furnished by the Depositories for depositing dividends. Dividend will be credited to the Members' bank account through NECS wherever complete core banking details are available with the Company. In case where the core banking details are not available, dividend warrants will be issued to the Members with bank details printed thereon as available in the Company's records. This ensures that the dividend warrants, even if lost or stolen, cannot be used for any purpose other than for depositing the money in the accounts specified on the dividend warrants and ensures safety for the investors. The Company complies with the SEBI requirement.

Independent Auditors' Report

To the Members of

BLUE CIRCLE SERVICES LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of M/s. Blue Circle Services Limited, which comprise the Balance Sheet as at 31st March, 2014, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 (the Act) read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013 and in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2014;
- b) in the case of the Statement of Profit and Loss, of the profit of the Company for the year ended on that date, and
- c) in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by Section 227(3) of the Act, we report that:
 - (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement comply with Accounting Standards notified under the Act read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013.
 - (e) On the basis of the written representations received from the directors as on March 31, 2014, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2014, from being appointed as a director in terms of Section 274(1)(g) of the Act.

Notes to Financial Statement for the year ended 31st March 2014

NOTE 1

ACCOUNTING POLICIES & NOTES FORMING PART OF THE ACCOUNTS

Significant Accounting Policies General

1.1 Basis of accounting and preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

1.2 Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialised.

1.3 Inventories

Inventories are valued at the lower of cost (on FIFO basis) and the net realisable value after providing for obsolescence and other losses, where considered necessary.

1.4 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.5 Cash Flow Statements

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.6 Revenue Recognition

All incomes and expenditure are recognised as per 'Accounting Standard-9' accounted on accrual basis except where stated otherwise.

Dividends on investments are accounted for when the right to receive the dividend is established.

1.7 Employee Benefits

- a) P.F. and E.S.I.C Scheme is not applicable to the company.
- b) Gratuity is accounted when an employee works for more than 6 Months.

1.8 Segment Reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities"

1.9 Investments

Long-term investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments.

Current investments are carried individually, at the lower of cost and fair value. Costs of investments include acquisition charges such as brokerage, fees and duties.

1.10 Borrowing Cost

Borrowing costs directly attributable to the acquisition and construction of qualifying fixed assets are capitalized as part of the cost of the assets, up to the date the asset is put to use. Other borrowing costs are charged to the Profit and Loss Account.

1.11 Taxes on Income

Current Tax is determined as the tax payable in respect of taxable income for the year, if any. Deferred tax for the year is recognised on timing difference; being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred Tax Assets and Liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred Tax Assets are recognised and carried forward only if there is a reasonable / virtual certainty of realisation.

1.12 Provisions and Contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

1.13 Impairment of Assets

At the end of each year, the Company assesses whether any impairment loss may have occurred in respect of its Assets in accordance with Accounting Standard - 28 "Impairment of Assets" issued by the Institute of Chartered Accountants of India, and Impairment Losses if any are accounted for by the company in accordance with the Standard applicable.
